

RECOMMEND THE INCORPORATION OF LABOR UNIONS

WANT STATUTES TO COMPEL THIS

Committee Investigating West Virginia-Kentucky Coal Field Disorders Makes Report
—Also Ask for Laws Regulating Both the Coal Operators and the Mine Workers

(By The Associated Press)
WASHINGTON, Jan. 27.—Recommendations that statutes be enacted to compel the incorporation of labor unions and that there be set up a code of laws and a federal agency for regulation of the coal industry affecting employees and employers alike were made to the senate today as a result of the investigation by its labor committee into the West Virginia-Kentucky coal field disorders.

Chairman Kenyon of the investigation committee was author of the proposal for a federal regulatory tribunal and the suggestion for obligatory conditions came from other senators.

Support of Senator Kenyon's proposal for regulatory body was given by the three senators but they declared that unless incorporations were forced the agency he would set up would have no legally responsible body with which to deal.

WANT LABOR AND RAILROAD RATES TO COME DOWN

**Conference Wants to
See Others Share
in Deflation**

(By The Associated Press)
WASHINGTON, Jan. 27.—The National Agricultural Conference went on record today in adopting its transportation committee report as favoring participation by railroad labor and railroad corporations in the general price "deflation" after it had stricken from another committee's report a recommendation for repeal of the Adamson eight hour law and the "bringing down" of wages of railroad labor and other industrial labor to a parity with the return received by the farmer.

The conference which began its five day session here Monday, did not complete consideration of reports and went into a night session with the prospect of taking a final adjournment before midnight.

The debate of the question of wage deflation today was long and at times vehement. The proposal was strenuously fought by Samuel Gompers, president of the American Federation who was a delegate to the conference. Several farmers who oppose reduction in wages and helped to defeat the first recommendation supported the proposal finally adopted that both railroads and their employees share in the readjustment.

The conference also endorsed a proposal that the St. Lawrence-Great Lakes waterway project be completed, after one committee's recommendation to this effect had been lost. Action for repeal of the 6 percent guarantee clause of the transportation act defeated during the labor debate, also received favorable action on a later report.

Want Ford Offer Accepted.
The conference recommended completion of the projects at Muscle Shoals, Alabama, and urged that the government accept the offer of Henry Ford to lease them. Reduction of freight rates on farm products, livestock and products of allied industries to the basis prior to the increase of August 1920 also was urged as well as the restriction of certain rate making powers to state railroad commissions. Readjustment of rates affecting other commodities should follow as quickly as possible it was added. Legislation to prevent the railroads from including the "land multiple" in making up their revaluations was further recommended.

Development of the Mississippi river as an artery of commerce was advocated with the adoption of a report which declared that "during and since the war there has been a great increase in navigation in the lower Mississippi river and on the Ohio river."

The conference went on record as opposing repeal of the Panama canal tolls, saying the people of the United States have invested a large sum of money in the Panama Canal.

WANTS MEETING TO CONSIDER THE HOUSE SHORTAGE

**Senator King Asks President
Harding to Call
Conference**

(By The Associated Press)
WASHINGTON, Jan. 27.—President Harding is urged in a letter which Senator King, of Utah, announced he had sent to the white house tonight to call a national conference of financial building material and special interests to discuss ways and means of relieving the housing shortage which the senate said exists to a greater or less degree throughout the country.

Discussing his plan the Utah Senator declared that his suggestion was conceived in the belief that a revival of home building would serve not only to bring relief from exorbitant rents and overcrowded housing, but to relieve unemployment.

The proposal made to the president by Mr. King had the support of Senator Calder, of New York, with whom the subject was discussed because of his study of the housing question as head of a senatorial committee that investigated the problem.

Mr. King stated that he expected soon to visit New York for a discussion of the program with Samuel Untermyer, attorney, who has been active in the New York investigations of combines in building materials.

Study of the housing and general construction situation offered convincing proof, the Utah senator said, that there was need of a national policy with respect to such development.

Mr. King remarked that such a conference would find plenty of subjects upon which to develop a course of action. He mentioned standardization of materials as among the possibilities which he believed would lead to better and cheaper built homes.

Financial questions naturally would be vital in any consideration of the greater problems, the senator said, and he explained that to properly execute building the project financing of the "little fellow," must be easier. He expressed the opinion that leaders in industrial communities would give support to his suggestion.

Mr. and Mrs. Frank Ransom and Mr. and Mrs. William Ransom were in the city yesterday from Lynville.

PROHI MACHINERY IS READJUSTED IN MASSACHUSETTS

**James P. Roberts is New
Head Succeeding H.
D. Wilson**

(By The Associated Press)
WASHINGTON, Jan. 27.—Federal prohibition enforcement machinery in Massachusetts was re-adjusted today with the appointment of James P. Roberts of Brookline, as chief enforcement officer for the state, succeeding Harold D. Wilson who was removed from the service. At the same time, General Prohibition Agent John Harper of the Washington staff was assigned temporary assistant to the new appointment in the enforcement work in Massachusetts. Federal prohibition Director Potter apparently retains that office as no change was announced concerning him. The action of the bureau which was made public by both Internal Revenue Commissioner Blair and Prohibition Commissioner Haynes in lengthy statements came as a result of a long controversy between the two Massachusetts officials over prohibition enforcement in that state. Mr. Haynes in his statement reviewed the developments in the case since last July when Mr. Potter, who was then supervising agent for Massachusetts was appointed federal director, the position then held by Mr. Wilson and the latter was made head of the field forces.

Differences between Mr. Potter and Mr. Wilson developed soon after this readjustment. Mr. Haynes said, and Mr. Wilson was "repeatedly warned that he was not showing sufficient discretion in his attitude toward the director."

Mr. Haynes declared Mr. Wilson showed an utter lack of respect for superiors.

"It has been suggested," he continued, "by some of Mr. Wilson's friends that the main difficulty is that Mr. Wilson's enforcement policy was too rigorous. Of course this was utterly without foundation."

His successor, Mr. Roberts, Mr. Haynes declared, was "heartily endorsed by the anti-saloon league of Massachusetts."

Commissioner Blair declared that statements made by Mr. Wilson in interviews in Boston papers that Senator Lodge and a number of representatives had sought his removal was untrue.

ORDERS JURY BACK FOR DELIBERATION

(By The Associated Press)
SPRINGFIELD, Ill., Jan. 27.—Altho the jury before which Thomas Hayes was tried for the \$46,000 postal robbery at Wood River, Ill., last August, reported that they were "hopelessly deadlocked" over a question of fact, Judge Fitzhenry in federal district court ordered the twelve men back for further deliberation tonight and adjourned court until 10 A. M. tomorrow. The judge then left for Bloomington to be at the bedside of his daughter who is ill.

The jury had been out twenty seven hours when the judge ordered it locked up until his return.

Hayes is alleged to have assaulted and robbed a mail messenger enroute to the Wood River postoffice with a Standard Oil company payroll. The pouch and money were found in a field by postal inspectors.

THE WEATHER

NINE ILLINOIS ATHLETES ARE DISQUALIFIED

**Star Football Men
Played in Game at
Taylorville**

(By The Associated Press)
URBANA, Ill., Jan. 27.—Nine star athletes at the University of Illinois were declared ineligible for further athletic competition tonight because they played in a semi-professional football game after the close of the Western Conference season.

The nine men are Larry Walquist, Jack Cragle, Joe Sternaman, "Dutch" Kaiser, "Dope" Simpson, John Teuscher, D. A. Milligan, F. J. Gammage and P. T. Green.

Cragle, Walquist and Sternaman were stars on the football team and all three were selected by some writers for the mythical all-western conference team. Walquist also was looked on as the best basketball player in the university and his loss has materially lessened the Illini's chances for the championship this year.

Cragle, besides playing full-back for four years—including an S. A. T. C. year—was among the leading baseball players of the midwest.

Green also was a regular on the football eleven, while the rest were substitutes.

Played at Taylorville.

The game which has resulted in disqualification of the men was played at Taylorville, Ill., November 27, 1921. The opposing team included several Notre Dame players in its lineup. The team on which the Illinois players performed won by a 9 to 0 score, Sternaman kicking three field goals.

The fact that a number of college players took part in the contest soon became rather generally known and resulted in reports that Illinois had defeated Notre Dame in a post-season game.

When the suspension came to the attention of Quinn A. Huff, director of the university, an investigation was started. The men received an "M" for playing has not been made known, the disqualification being ordered under a Western Conference rule which says that no college player may take part in any outside athletic contest while competing on his college team.

While there have been several instances of Western Conference players being disqualified before this is the first time such a wholesale disqualification has taken place.

Kaiser was one of Illinois' best track men and this is his first time in his career. Coach Harry Gill has lost a track man by means other than scholastic ineligibility or graduation.

Sternaman is the quarterback who ran thru the Ohio State team last fall for a touchdown that was declared illegal because of holding.

Good Thing Zuppke Says.
"It is a good thing," said Bob Zuppke, "that the jury before which Thomas Hayes was tried for the \$46,000 postal robbery at Wood River, Ill., last August, reported that they were 'hopelessly deadlocked' over a question of fact. There are other football teams in the conference who play professional athletes, men who come to their schools as amateurs, and because of a few dollars cannot or will not stand the temptation, and so it is hoped that all the big ten teams will be scoured for these professional football players. I know they are there, but it is better to have them cleaned up by the coaches themselves than to have to have outsiders step in and accuse. Accusations from outside cause unfriendliness."

Besides Sternaman, Walquist was a hero in the Ohio State game which Illinois won 7 to 0 thus preventing the Buckeyes from a tie with Iowa for the big ten championship. Walquist made the touchdown which won the game and it was the only touchdown Illinois made during the season and the only conference game won.

Sternaman was expected to prove the nucleus around which Coach Zuppke planned to build the 1922 football team. Weakened by the loss of several stars the 1921 team proved the weakest Illinois aggregation in many years. Several good prospects were developed, however, among them the substitutes who tonight were disqualified. Sometime ago Don Peden, elected 1922 captain, was disqualified because he had played a year in college before coming to Illinois and his loss, together with the loss of the men barred tonight, is taken by most Illini followers to do away with any chance for a strong team at Urbana next season.

DEFEAT PROPOSED CLEARING HOUSE PLAN

Chicago, Jan. 27.—By a vote of 418 to 423 a proposed new clearing house plan for the Chicago board of trade was defeated today.

Proponents of the plan said it would meet the requirements of various legislation concerning the keeping of records while its opponents claimed that it was in violation of some state laws.

BRIEFS AGREEMENT ON ALLIED DEBT BILL REACHED

**Came After Five
Hours of Acrimonious
Debate**

(By The Associated Press)
WASHINGTON, Jan. 27.—Agreement to press the allied debt refunding bill to a vote tomorrow even if that makes necessary a night session of the senate was reached today by Republican and Democratic leaders. It came after five hours of debate much of which was on extraneous subjects.

Opposing the proposed grant of authority to the debt commission headed by Secretary Mellon to extend the time of interest payments at its discretion Senator Reed, Democrat, Missouri, declared that he had no doubt there was "an inside to this."

Senator Simmons, Democrat, North Carolina, suggested and Senator Reed agreed that the determination of interest payments on the foreign debt would enable the private holders in this country of five billions of the bonds of the allied nations to realize on their investment ahead of the American government.

Senator Reed also declared that if the commission could defer interest payments for ten years, as he said one Senator had suggested might be done in the case of some countries, there could be a cancellation of the whole debt, as the accumulated interest for ten or twelve years would about equal the present principal of the debt.

Mr. Reed said that because of "the environment" in which Secretary Mellon had lived, Mr. Mellon would be the "last man, save one in this country," to whom he would grant the authority proposed. The one exception, he added, was "Morgan himself," explaining that J. P. Morgan & Co., had been the financial agents in the United States of the allied nations during the war.

In this connection Senator Reed read to the senate the names of various banks, trust companies and corporations in which he said Mr. Mellon was interested, including the Aluminun company of America, which the speaker described as an "absolute monopoly."

Before Senator Reed launched his attack on the bill there was a debate between Senator Lenoir, Republican, Wisconsin, and Walsh, Democrat, Montana, as to the constitutionality of the debt bill and also a plea by Senator Williams, Democrat, Mississippi, for the cancellation of the debt owed the United States by Belgium.

(By The Associated Press)
NEW YORK, Jan. 27.—Mrs. Anne U. Stillman will continue her court fight to obtain from her husband, James A. Stillman, \$7,500 to defray the cost of Canadian hearings in their divorce suit which was denied today by the appellate division of the supreme court, John Brennan, her counsel, announced tonight.

Mr. Brennan said the court's decision allowed a renewal of the application on submission of additional proof showing that Mrs. Stillman did not have on hand sufficient money to meet these expenses. He will submit proof asked for at once, he said, and a new hearing will be sought at a special term of the court.

(By The Associated Press)
DETROIT, Mich., Jan. 27.—Fire caused by a boiler explosion early today in the Curtis Publishing Company building in Lafayette boulevard destroyed the interior of the three story structure and caused a loss estimated at \$200,000. The Sprague Publishing Company, occupied a part of the building.

Twenty-five guests at an adjoining hotel were driven into the street in their night clothing.

(By The Associated Press)
BURLINGTON, Ia., Jan. 27.—Main line traffic on the Burlington railroad has been blocked for several hours, due to a freight wreck near Biggsville, Ill., according to a report here. Ten cars are said to be off the track.

(By The Associated Press)
WASHINGTON, Jan. 26.—Arch Bishop Curley of Baltimore, addressing the local membership of the Holy Names Society today declared that unless Catholics stood together and defended their rights as American citizens and as Catholics, against anti-Catholic agitation, which he said had become intensified in the last seven years, they would be "swept off the map."

(By The Associated Press)
BELLEVILLE, Ill., Jan. 27.—F. M. Beckett, an East St. Louis city detective was acquitted in the circuit court here yesterday afternoon on a charge of murder in the second degree, following a three day trial. Beckett was charged with having killed Daniel Williamson, a Canadian war veteran in East St. Louis on July 1, last, whom he had mistaken for a burglar.

**WOODSON CLUB WOMEN
HAD OYSTER SUPPER**

Members of the Woodson Domestic Science club enjoyed an oyster supper Friday evening at the home of Mrs. Nettie Eard. The attendance was large, including the members and their families and friends. The supper was an excellent one, the menu including oysters and various other good things to eat, and the occasion was a very enjoyable one.

**FINAL DAY OF SERVICE
IN CIRCUIT COURT**

Friday was the final day of service for the February term of the circuit court. One suit only was filed in the office of Circuit Clerk W. W. Gammage, that of A. H. Kennedy vs. W. Graves and D. N. James. The praecipe indicates that damages in the sum of \$1,000 are asked. Thompson & Thompson are attorneys for the complainant.

KILLED BY TRAIN**

Peoria, Jan. 27.—Albert Brown, 57 years old, a coal miner, was instantly killed late this evening when he stepped in front of a Peoria Railway Terminal train near Bartonville.

ACCOMPLISHMENT OF THE ADMINISTRATION PRAISED BY COOLIDGE

**Says That They Are Wiping Away Tears of
the World and Are Healing the Nation—
Country Was Without Responsible Leadership
When Republicans Assumed Control**

(By The Associated Press)
INDIANAPOLIS, Ind., Jan. 27.—The accomplishments of the present administration are wiping away the tears of the world and are healing the nation, Vice-President Calvin Coolidge said tonight in an address before the Indiana Republican Editorial Association.

Mr. Coolidge said that the Republican party assumed control at a time when the nation had been "without responsible leadership for a year and a half," and that the party had "thru the inspiration of a great president made an honorable record of achievement."

Declaring that the first great act of the present administration was the selection of cabinet officers sound and seasoned in public service, Mr. Coolidge reviewed the activities of the president and the congress since last March.

"Congress convening in April, directed its first steps to ending the state of war," said Mr. Coolidge. "It did this forming a peace with Germany which was an American treaty."

"The long pending treaty with Colombia was ratified, an example of justice, running into generosity, which no doubt will be for our financial advantage."

"The present administration offered Mexico a treaty which recognized that government and at the same time protected our interests."

"This treaty has not been accepted. Notwithstanding the lack of any standards on the part of the Russian soviet government the suffering of the Russian people so touched this country that \$20,000,000 was appropriated for relief."

"The main object of the special session of congress was to adjust finances. From the work of Budget Commissioner Dawes, the national expenses were reduced from five and a half billion dollars last year to about four billion this year and an estimate of three and a half billions next year."

Have Reduced Taxes.
"Taxes have been reduced so that the door of opportunity has been reopened, that youth and ambition may again compete with established industries without being taxed to death."

"The temporary law restricting immigration has relieved pressure from without when there was already fear of unemployment within and thus has protected the working man."

Mr. Coolidge cited the good roads appropriations, the maternity and other bills passed by congress.

Referring to the farmers, he said that congress and the president both sought with great diligence for their relief. He pointed out loans to cattle raisers and the work of the farm loan board.

"It is the policy of the party in power to preserve the American market for American agriculture and to assist the farmer by increasing the prosperity of his customers," he said.

Mr. Coolidge referred to the unemployment and farm conferences, the relief given the railroads thru loans and lower wages and re-organization of shipping as other accomplishments.

He declared that the administration above everything else was working for the relief of war veterans and their dependent relatives. The new government department combining all government activities for soldier relief had done great work, he said, and now was getting into its real stride.

REPRESENTATIVE GRAHAM TRIES TO APPLY THE BRAKES

Would Limit Expenditures of the Shipping Board

(By The Associated Press)
WASHINGTON, Jan. 27.—The house refused today to attach to the independent offices appropriation bill an amendment which would have prohibited the shipping board from proceeding with the reconditioning of the Leviathan without obtaining an appropriation from congress for the purpose. Representative Graham, Republican, Illinois, offered the amendment which would have placed a \$1,000,000 limitation on the amount the shipping board could expend for repairs on any one ship without congressional authority.

Refracting of the Leviathan, it was said, probably would cost at least \$8,000,000.

The Graham proposal was rejected by a voice vote after the house had adopted an amendment, offered by Representative Ballinger, Republican, Mass., which would give navy yards the right to submit estimates for the repair of shipping board vessels.

On a point of order by Representative Byrns, Democrat, South Carolina, a provision continuing for another fiscal year the authority of the board to retain for its own use \$55,000,000 derived from the sale of its property was eliminated from the bill.

During hearings before the appropriation sub-committee which framed (the measure, Chairman Lasker estimated that during the current fiscal year the shipping board would derive about \$25,000,000 from this source and asked that the extension be granted so that a remaining \$30,000,000 could be obtained as the liquidation process continues.

Would Hurt Expenditures.
When the house adjourned today, it had before it, an amendment by Mr. Byrns limiting to \$400,000 the amount the shipping board could spend on publicity and advertising during the coming fiscal year. Budget estimates call for an expenditure of about \$900,000.

During debate on various amendments, the shipping board was commended by Chairman Madden of the appropriations committee who declared it was functioning satisfactorily.

Representative Wood, Republican, Indiana; also expressed confidence as to the future of the shipping board operations.

Assisting Mr. Ballinger in the fight for the adoption of his amendment were Representatives Gulliver and Tague, Democrats of Massachusetts. All declared the work could be done cheaper at Boston than at any private ship-building yards.

Among those who questioned the advisability of repairing the Leviathan was Representative Oliver, Democrat, Alabama, who declared that after \$8,000,000 was spent on the liner the shipping board will not be able to sell it for more than \$6,000,000.

The bill, which in addition to funds for the shipping boards, carries approximately \$337,000,000 for the Veterans Bureau probably will come to a vote in the house tomorrow.

BOYS BARRED FROM PEORIA COURT ROOMS

(By The Associated Press)
PEORIA, Jan. 27.—Boys under 21 years of age are barred from entering Peoria County court rooms while court is in session, as a result of an order today by the chief deputy sheriff who says that youths watching the attorneys in action learn to disregard the law.

The decree is the outgrowth of complaints made by Peoria welfare societies. It is the belief of these organizations that youths come to look on an attorney as a "superman" and that they get the idea that they can be freed no matter what the offense."

FRANKLIN MUSICAL CLUB TO MEET TODAY

The regular meeting of the Franklin Musical club will be held this afternoon at the home of Mrs. W. C. Calhoun instead of with Mrs. A. H. Sherman as previously announced. The annual election of officers will be held at this time and it is hoped that the attendance of members will be large.

Frank Dodsworth, of the east part of the county, was a city arrival yesterday.

HOME FROM HOSPITAL.
Mrs. W. H. Marbach and little son, William Arthur, who have been at Passavant hospital, are now at the Marbach home on Caldwell street.

THE BUILDING PROSPECT.
Building contracts and permits in Illinois last month were 60 percent greater than for the same month a year ago. When labor troubles which are holding up some improvements in a number of cities are taken into account the figures are remarkable. If settlement could only be reached of the impending labor controversies 1922 would exceed all records in its building operations.

THE DANGEROUS STAGE.
The formation of an association of adults pledged to take an increased interest in the Springfield high school and recent declaration for reforms in the conduct of boys and girls by Supr. Mortenson of Chicago, must mean recognition of the increasing laxity in the conduct of high school pupils.
The boys and girls have been held with such light reins that the school authorities are finding themselves unable to cope with the situation alone and are demanding the support and co-operation of parents to which they are entitled.
The average grownup today

does not want to inflict the social customs of five years ago upon the young generation but does recognize great dangers in the social tendencies of the day.
The increasing habit of leaving matters of discipline and conduct so much to school authorities has meant the shirking of responsibility by the parents themselves. When appeals come from the school authorities it is certainly time for the parents themselves to take second thought and to realize that conditions which necessitate such appeals must really border upon the dangerous.

MAKING HUGE TOTAL OF LOANS DAILY.
During the first two weeks in January the war finance corporation made loans aggregating \$21,193,000.00 for agricultural and livestock purposes. This aggregate sum covered 756 separate loans, making an average of \$28,000 to the loan. North Dakota led all the states in the amount of money received for this purpose. Other leading states, including the middle western group of Kansas, Iowa, South Dakota, Nebraska and Minnesota.

DANGEROUS FOR YOUTHFUL MINDS.
All this discussion concerning the re-writing of American school histories should be productive of desirable results. For one thing, it will make selectors of school histories more careful. It will also make parents and American citizens generally, take a personal interest in the character of the text books placed in the hands of children.

We have among us one class of people who are opposed to all governments, the United States among the rest. We have others who profess an internationalistic spirit which usually manifests itself by placing America last in their thoughts. We have still others who reside among us but still retain their loyalty to some other country—they are not internationalists, but are nationalists with a very definite and permanent affection for some other nation than our own. With all these un-American inhabitants, we must cope. The open and avowed anarchist may, in fact, be the least dangerous of our enemies, for the anarchist works in such a way as to make himself directly responsible for his acts. The internationalist, who claims equal concern for the welfare of all nations, but is least active in the interest of our own, is a sort of man without a country—he wouldn't be welcome in any other country.

MELLON DOES MUCH WORK BUT MAKES LITTLE NOISE.

shows signs of trying to get into the lime-light. To use a common expression, he is always "on the job" and "sawing wood." That is exactly the kind of man needed in the treasury department these days, for the nation has enormous financial problems to be solved. Conducting a treasury department is not a spectacular undertaking and if a man undertook to use it for spectacular purposes we would feel uneasy. The sensationalist in a national treasury is as dangerous as the sensational banker—we'd rather put our trust elsewhere.

This inclination of Mr. Mellon to avoid publicity is nothing new with him, and, therefore, it is the more impressive. He was one of the most successful financiers in the country before he accepted a place in the cabinet, and he attained that success without the country at large ever having heard of him. Apparently, sticking close to the job and sawing wood is a life-time habit—a habit that gives an impression of stability and dependability.
It is generally understood that Mr. Mellon's policies in conducting the treasury department have been a very important factor in bringing Liberty bonds back toward par. At the outset of his administration Mr. Mellon announced a far-sighted program for the refunding of the short-dated debt, and with this program successfully launched there has been a gradual improvement in the market position of Liberty bonds and Victory notes. Decreasing rates of interest have also helped, and have made the Liberty bonds relatively better investments, so that holders of the bonds have found restored values in the securities they bought to help the government in time of need.

BEST BOOKS OF JOHN MUIR.
The story of Stickeen by John Muir will be of especial interest to boys. Stickeen is a little long-haired, bristly, beautiful, but very independent dog. Muir's story of Stickeen ranks with Rab and his friends, and Bob, son of battle. In subtle analysis of dog character as well as beauty of description it outranks them all. Other books by John Muir of interest to boys and girls are, "The Story of my Boyhood and Youth" which is a rare biography; and "The Cruise of the Corwin," that tells of Muir's adventures as an explorer while a member of the Corwin expedition to the far north in search of the Arctic explorer De Long; then his "Travels in Alaska," is one of the finest descriptions of that country ever written. Any of the above books may be obtained at the public library and will afford you a pleasant hour.

LITERARY BAPTIST MISSION CIRCLE MEETS
The Literary Baptist Mission Circle met Friday afternoon at the home of Mrs. H. E. Gottschall. The members were all present except two and there were also a number of guests present. The program of the afternoon was in charge of Mrs. J. M. Daniels and included an interesting paper by Mrs. W. W. Daniels, and a reading, "A Plea from Africa," by Mrs. Earl Rexroat. Another reading was by Mrs. John Guy, the subject being, "The Experimental Holdup."
At the close of the program came a social hour and the serving of excellent refreshments by the hostess.

COUNTY AGENT BACK FROM STATE MEET

Semi Annual Conference Held at Urbana on Farm Problems—Live Topics Discussed.

County Agent George B. Kendall in recent days has attended the semi-annual conference of farm bureau agents held at the University of Illinois. Mr. Kendall yesterday gave a brief report of the conference in part as follows:
"Dr. George N. Coffey, the state leader of Farm Advisers, in commenting upon the years work, said that nine new Farm Bureaus were started in Illinois last year. Only seven counties are now without farm bureaus. At present there are a total of ninety-four farm-bureaus in Illinois. Dr. Coffey does not view with alarm any probable slump in membership. He thinks that success depends upon the quality of the membership rather than the quantity. However, he does think it important for farm bureau officials to make a very careful budget and confine their expenditures to the limits indicated in the budget."
"Robt. N. Clark, state organizer for the U. S. Grain Growers, said the movement now assured success. Eighty-five per cent of the grain in Kendall county had been pledged to the U. S. Grain Growers, Inc. The organizers do not go into a county until they are invited."
"Legumes Discussed."
"The soybeans question was thoroughly thrashed out. In all probability there will be enough commercial uses for soybeans next fall to take care of any surplus grown in Illinois. Soybeans will quite likely be used extensively as a forage and hay crop this coming season and in general as a substitute in considerable portion of our oats."

"The litmus paper test for soil acidity will quite likely be replaced by a new liquid test of potassium—this cyanid. This test is easy to make and decidedly dependable. It has a disadvantage of being a rank poison."
The outstanding feature of the conference was an address by Lucius Wilson of the General Organization Company of Chicago. He said the essentials of an organization were: An active membership, a program of work, a committee system, and a member's forum. He thinks a farm bureau makes a mistake in telling a man to come in for what he can get out of it. He believes in having a man come in with the idea of giving through this organization his service to the community and indirectly getting any benefit. If his view point is right our membership campaigns have not been presented to the membership properly. Although Mr. Wilson has organized Chambers of Commerce instead of Farm Bureaus his remarks were regarded as absolutely sound by all farm advisers.

WESTMINSTER BROTHERHOOD HEARD ADDRESS
BY R. MARBACH
The Westminster Brotherhood held a regular meeting Friday evening with a goodly attendance of the membership. A supper was served at 6:30 o'clock, followed by a brief business session of the organization, during which Stanley I. Davis presided.
At the suggestion of C. W. Taylor the Brotherhood decided to purchase some reserve equipment for the moving picture machine which is now frequently in use. A challenge to a basketball game was issued to the men of State Street church and the game will probably be played on some Thursday evening at no distant date.
Following the business session the members adjourned to the lecture room below, where Rev. W. H. Marbach gave an illustrated lecture on "Egypt and the Pyramids." Mr. Marbach speaks from observations made during a period of travel abroad and his interesting address gives proof of his serious study of his subject.

EMPLOYED BOYS CLUB HELD MEETING
The regular meeting of the employed boys club was held Friday evening at the Pencoek Inn, when an excellent supper was served. The boys had as their guest H. H. Vasconcellos, county superintendent of schools, who made a brief informal address which was greatly appreciated.

WILL ATTEND MEETING OF OIL COMMITTEE
L. V. Baldwin, superintendent of highways in this county, expects to go to the capital city Monday to attend a meeting of the oil committee named by President Elder of the state road association. The committee is to consult Clifford Elder, chief state highway engineer, with reference to a plan for collective buying of road oil by the various counties in the organization. Other members of the committee are Park Enlow, McLean county; G. W. Bratton, Kankakee; Martin McLain, Morrisville; J. L. Platt, Springfield; John Carmen, Canton.

PROMINENT METHODIST MINISTER IS DEAD
Rev. Edward H. Lugg Passed Away at Bloomington Hospital Friday Afternoon—Was Former Pastor of White Hall Church.

WHITE HALL, Jan. 27.—The death of Rev. Edward H. Lugg, a well known Methodist minister, occurred at a hospital in Bloomington at about 5 o'clock Friday afternoon. The deceased had been a patient at the hospital for the past three weeks and his condition had been serious for some days.
The deceased was born in England in 1860 and united with the Methodist church there in 1873. In early manhood he entered the ministry and in 1883 came to this country, joining the Wisconsin Methodist conference. In 1890 Rev. Mr. Lugg entered the Illinois conference and subsequently served pastorates at Warsaw, Mt. Sterling, Astoria, Hillsboro, White Hall, Edinburg, Rossville, Lovington, Cerro Gordo and LeRoy. His pastorate at the White Hall church covered the period from 1901 to 1903, and he was one of the best known Methodist ministers in this part of the country.
Rev. Mr. Lugg is survived by his wife and one son, L. B. Lugg, residing at Cerro Gordo.
The remains will be brought to White Hall Monday evening and the funeral services will be held from the Methodist church at 2 o'clock Tuesday afternoon. Interment will be made in the White Hall cemetery.

All Kinds of Cake DOUGLAS GROCERY & DELICATESSEN

DR. CARSON SURPRISED.
The Pawnee, Ill. Herald of Jan. 19th, inst. has the following notice:
Dr. Carson is state clerk of Springfield Presbytery and his friends here will congratulate him:
"Dr. D. G. Carson, pastor of the Presbyterian church, last Friday evening found himself at the receiving end of a graceful tribute that commemorated the seventieth anniversary of his birth. Upon being inveigled to the church at 6 o'clock the venerated pastor more or less unexpectedly found himself in the presence of a majority of his congregation, with a number of other friends in attendance as special guests.
With characteristic grace, dignity and warmth of fellowship Dr. Carson met the situation in a manner that contributed toward making it a memorable occasion for every participant. He fearfully relates its outstanding incidents in the church department on another page.
One pleasing feature not otherwise narrated was the reading of a poem written by Mrs. Henry Stice of Macomb, Ill., on the occasion of her father's natal anniversary two years ago. The text, reflecting a splendid sentiment of filial devotion, was impressively emphasized through the manner of its presentation by Mrs. Helen F. Jannsen of Springfield, younger sister of the authoress."

CLOSING DAY OF COOKING SCHOOL

Hundreds of Women Attend Demonstrations—Express Their Appreciation for Informing Work.

The closing afternoon of the Couriers' cooking school yesterday was marked by a larger attendance than that of any other day. There were about 340 women present and the number who have attended the school is convincing evidence of the fact that Jacksonville housewives have fully appreciated this notable community enterprise.
Miss Elsie Hinkley of Chicago, who has conducted the school contributed to her winning personality and unusual ability in such a way as to make the school a great success. On leaving yesterday, the women expressed to her their deep appreciation of her lectures and splendid demonstrations and several were heard to remark that Miss Hinkley's personality and her admirable way of presenting the subjects for discussion were the outstanding successful features of the school.
The lecture for Friday afternoon was on, "Salads and their place in the diet." In her talk Miss Hinkley stressed the use of green vegetables as giving unusual food values and as being rich in cellulose water, mineral matter and vitamins. She also gave some very helpful suggestions as to salads and sandwiches, suggesting those which can be well served together.
In the demonstration hour, Miss Hinkley made up a number of the most tempting and attractive salads and added to these the delicious salad dressings, mayonnaise and thousand island, the receipts of which are published below.

French Dressing.
8 tablespoons (1/2 cup) Mazola. 3 tablespoons lemon juice or vinegar. 1/2 teaspoon salt. 1 teaspoon sugar. 1/2 teaspoon paprika.
Mix all ingredients together and beat until creamy. This dressing may be made in larger quantities and kept in a bottle and shaken as used.

Variations of Salad Recipes.
Thousand Island Dressing (Simplified Recipe)
To one cup of mayonnaise dressing add the following ingredients folding them in:
1/2 cup Chili sauce. 1/2 cup sweet spiced relish. 1 pimento cut fine. 2 tablespoons green pepper finely chopped.
Russian Dressing—
1 cup mayonnaise. 1 pimento chopped. 1 tablespoon onion chopped fine. 2 tablespoons Chili sauce. 1 teaspoon Tarragon vinegar. 1/2 teaspoon salt. 1 teaspoon pepper.
Sauce Tartare—
(For fish, oysters, crabs, scallops or fish croquettes.)
1 cup mayonnaise. 2 tablespoons capers. 2 tablespoons chopped olives. 2 tablespoons chopped pickles. 1 tablespoon chopped parsley. 1/2 teaspoon finely chopped shallots or onion. Mix ingredients together and serve cold.
Club Dressing—
1/2 cup French dressing. 1/2 cup Chili sauce. 1 teaspoon Worcestershire sauce. 1 teaspoon finely chopped onion.
Serve on head or leaf lettuce or on endive or water cress.

S. J. Camm was a visitor from Franklin yesterday.

Another interesting feature of yesterday's session was the very appetizing meal which was cooked during the morning in the Clark Jewel stove. The women who have attended the (school) each day have been greatly interested in examining the Sellers' Kitchen Cabinet and very convenient tables that Andre Andre furnished for Miss Hinkley's use. The following delicious menu was cooked:
Baked chicken.
Glaced sweet potatoes.
Special beets.
Apple brown betty.
The cooking school is undoubtedly one of the most helpful enterprises that Jacksonville has seen this winter and the women of the city have proved by their widespread interest that such a community effort is fully appreciated.
The recipes given yesterday are:

Salad and Salad Dressings.
Salads furnish valuable mineral salts and also give variety to the diet.
All ingredients for salads should be fresh, crisp and cold. Wash green vegetables thoroughly and dry on a towel.
To make vegetables crisp quickly let them stand a few minutes in ice water to which a little acid is added. Salad ingredients should be cut in rather small even sized pieces—never chopped and should be mixed lightly with a fork.
Mazola has the same food value as olive oil and is just as easily digested with the added advantage that it does not become rancid. Mazola is more easily emulsified than olive oil.
Three Minute Mayonnaise.
1 yolk and 1 whole egg (Just 1 whole egg may be used). 3 tablespoons lemon juice or vinegar. 1/2 teaspoon sugar. 1/2 teaspoon salt. 1/2 teaspoon paprika. 1/2 teaspoon mustard if desired. 1/2 cups Mazola.
Put egg into a bowl with seasonings, two teaspoons lemon juice and 1 cup of Mazola. Beat with Dover beater until thoroughly blended. Add oil 1 cup at a time until all is used beating thoroughly between each addition of oil. Add remaining lemon juice little at a time during the mixing. To prevent separation beat in two or three tablespoons boiling water when done.
Mock Mayonnaise.
1 egg. 1 teaspoon salt. 1 teaspoon mustard. 1/2 teaspoon paprika. 2 teaspoons sugar. 1/2 cup lemon juice or vinegar. 1 cup Mazola. 1 cup water. 4 tablespoons corn starch (Argo).
Into a mixing bowl put egg, seasonings, acid and Mazola but do not stir. Have ready a paste made of 1 cup water and the Argo corn starch thoroughly cooked. Add this hot to the ingredients in the bowl and beat mixture briskly with an egg beater. As mixture cools during the beating

Relieves Headache
A little Musterole, rubbed on forehead and temples, will usually drive away headache. A clean, white ointment, made with oil of mustard, Musterole is a natural remedy with none of the evil after-effects so often caused by "internal medicine."
Get Musterole at your drug store. 35 & 65c. jars & tubes; hospital size, \$3.
BETTER THAN A MUSTARD PLASTER

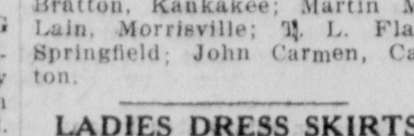

STOMACH UPSET?
Get at the Real Cause—Take Dr. Edwards' Olive Tablets
That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.
Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.
Have you a bad taste, coated tongue, poor appetite, a lazy, don't-care feeling, no ambition or energy, trouble with undigested food? Take Olive Tablets, the substitute for calomel.
Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without gripping, cramps or pain.
Take one or two at bedtime for quick relief. Eat what you like. 15c and 30c.

WHY LET YOUR HOGS GET SICK OR DIE?
We guarantee our remedy to save 95% of the sick hogs, stop the coughing, and destroy all worms in six days. If it don't do what we say, money refunded. Gets more worms than any worm capsules. Write for free information on diseases and cure of hogs and chickens.

Mr. and Mrs. W. W. Young

DR. JOHN A. WHEELER.

A Candidate for Nomination as State Senator.

I hereby announce my candidacy for renomination to the office of State Senator for the Forty-fifth Senatorial District of Illinois, (Sangamon and Morgan Counties) in making this announcement I frankly state that my attitude has consistently been and will continue to be, that of a friendly supporter of the policies of the present State Administration.

My record as State Senator in the session of the General Assembly shows that I consistently supported every enterprise recommended or introduced by the Governor in the interests of the people of my district. This included the good roads legislation; proper and ample provision for the state institutions and care of the wards of the state, the establishment of hospitals for the treatment of mentally deranged veterans of the world war; laws proposed in the interest of the farmer to enable them to create and maintain a fair market for their products. I supported these proposed laws by my vote and efforts and shall do so again if nominated and elected senator.

I favor all proposed legislation that will contribute to the dignity of labor and the welfare of the worker. I will urge immediately the building of the greatest number of miles of hard roads possible and the construction of all contemplated public buildings so that the greatest number of working men may be employed.

I stand for the enforcement of all laws, State and National, whether it be against the violator of the liquor laws or any other form of crime or misdemeanor. This is my record in every public office I have held in the past and will continue to be my attitude in the future.

I also favor the establishment of a state institution to which adult women of the underworld may be committed by courts of competent jurisdiction, vocational and moral training, and I favor the enactment of such legislation as may be necessary to that end.

I respectfully solicit the support at the primary election to be held Tuesday, April 11, 1922, of all citizens and voters of the Forty-fifth Senatorial District who favor my attitude and record on the public questions herein referred to.

Very respectfully,
JOHN A. WHEELER,
816 S. Fourth St.,
Springfield, Ill.

Walter Huston and John Berger motored to Springfield Friday on a business mission.

SALE OF REAL ESTATE TO PAY DEBTS.

State of Illinois, Morgan County, ss. In the County Court thereof, January Term, 1922, in Probate.

In the Matter of the Estate of Bernard Gause, Deceased.—Felix E. Farrell and Pearl Gause, as Executors of the last Will of Bernard Gause, Deceased vs. Pearl Gause et al.

Petition to Sell Real Estate to Pay Debts.

Pursuant to a decretal order, made and entered in said Court in said cause, on the third day of January 1922, the said Executors will on the 11th day of February 1922, at the hour of two o'clock P. M., at the South door of the Court House, in Jacksonville in said county and state, sell at public auction to the highest and best bidder, for cash in hand, the right, title, interest and estate, which the said Bernard Gause, deceased, had at the time of his death, in and to Lots 14, 15 and 17 in J. W. King's Second Addition to Jacksonville; also 60 feet off of the South end of Lot 8 in Block 24 City Addition to the City of Jacksonville, in Morgan County, Illinois, subject to the present tenancies, which are from month to month, and to the lien of taxes. Sale also subject to the approval of said court.

Abstracts of title may be had for examination at the Farrell State Bank.

Dated January 6, 1922.
FELIX E. FARRELL and PEARLE GAUSE, Executors of the Last Will of Bernard Gause, Deceased.
J. Marshall Miller, Attorney.

Very respectfully,
JOHN A. WHEELER,
816 S. Fourth St.,
Springfield, Ill.

BELLEVILLE ACADEMY

The Journal of Thursday last had an allusion to the Academy at Belleville, New York, a part commenting on a reference to that school made in a bulletin of the U. S. Department of Agriculture.

Belleville is a little cross-roads village in Jefferson county, New York, and the Academy there was one of a class of higher schools in the days before the Public School system had made High Schools a feature of the public system, and it was a favored town that enjoyed the advantages of such an institution.

This school was well known to me, because Mrs. Emily B. King had her home here, in her youthful days, her widowed mother, Mrs. Sprague having taken her family to that place because of the educational advantages afforded by the Academy.

After Miss E. B. Sprague had become the wife of the Rev. George I. King, D. D., last of Jerseyville, this state, and formerly of Quincy, Ill., Dr. King and she ran that school for some time. He as Principal, and she as a teacher, and in charge of the "female department" as it was then called. They lived in the East, for a number of years, and then he came to Quincy as pastor of the Presbyterian church there. It is only fair to say that the influence of the Kings at the Academy was recalled by people there with high praise.

A sister of Mrs. King remained in Belleville during the rest of her life, as wife of Co. Calvin Littlefield, a prominent citizen of the State of New York. Their home was directly opposite the Academy, and in their house her niece, Miss King, and I were united in marriage, some days ago.

KANSAS TEACHERS HONOR PROF. GARRETT

Educator Well Known Here Heads State Association of Instructors in Mathematics.

A Baldwin, Kas., paper in a recent issue makes mention of an honor recently paid to Prof. W. H. Garrett of the faculty of Baker University. Prof. Garrett is a son-in-law of Mr. and Mrs. J. A. Ayers of this city. The paper said:

"Baker University is winning new honors every day and the students alone are not responsible for this. A number of the faculty hold various positions of honor in the state. Prof. Garrett has been elected president of the Kansas Mathematical association and Miss Scott continues to hold her office as president of the council of administrative women, the Kansas division of the national council.

Prof. Garrett attended the meeting of all mathematics teachers of both high schools and colleges of the state. This meeting was in two sections, the Kansas association of mathematics teachers, including all high school teachers, and the Kansas section of the mathematical association of America, including the college teachers of mathematics.

The Math. Association met Saturday, Jan. 21, in joint session in the morning and in separate sessions in the afternoon, to elect a president and to discuss many vital problems. Prof. Garrett was one of the three who organized this annual meeting in 1907, and this year he was honored with the presidency. The meeting this year took up better mathematics courses for junior and senior high schools, courses which would correlate better with college requirements."

OBJECT TO VALLEY CITY FERRYMAN'S CHARGE

While most ferryman charge from fifty cents to \$1.25 for passage over the Illinois river, the ferryman at Valley City is now making a charge of \$2 for such service. This charge is considered exorbitant and the matter is to be taken up with the Pike county authorities in the hope of having the price reduced somewhat.

Everybody is Talking Ford and Muscle Shoals

Henry Ford and the influence of the Farm Bureau of the country have brought to the attention of the public the great advantages of the government's Muscle Shoals project and ever since many folks in all walks of life have been preparing for the opportunity to go south.

J. A. Weeks, the local real estate dealer is giving out full information to those who are interested in the possibilities in developing another Gary at Florence. Lots in the Mellrose subdivision adjacent to Florence are selling from \$75.00 up; sold for cash or on the following terms: 20% of the purchase price CASH and 10% per month until paid; no INTEREST charge on the deferred payments.

If you are interested get in on the ground floor. For information call or see

J. A. Weeks

Arenzville, Ill.

WAS VICTIM OF HOLDUP MEN

Joseph A. Clark of South Clay avenue, has just returned from a trip to Atlanta, Georgia, on which he was severely injured about the head by two highway-men.

Mr. Clark and his daughter, Miss Alice, were spending the holidays at the home of another daughter, Mrs. J. T. Carter of Atlanta, Ga., when the hold-up occurred. Mr. Clark was taking a walk a short distance from his daughter's home, when he was suddenly halted by two highway-men, who pointed a pistol in his face. Without warning the robbers attacked him with a heavy weapon of some kind, beating him about the head and face. They hurriedly searched his clothes, but in their haste secured only fifty cents, missing over a hundred dollars in another pocket.

Mr. Clark was immediately rushed to a hospital where it was found necessary to take fifty stitches in his head. He expressed the opinion that he was attacked with a club, but the doctors believed that it must have been a stone of some kind because of the jagged nature of the wounds.

Mr. Clark considers it very fortunate that he did not lose the hundred dollars as well as suffer the injuries. He and his daughter were visiting in the south for five weeks.

VISITOR FROM CHICAGO.

John Dempsey, who formerly lived in Jacksonville, and who graduated from Routt College with the class of '19, is in the city spending a few days with friends. Mr. Dempsey's home is now in Chicago.

JACKSONVILLE STOPS FRANKLIN

Breaks Visitors Winning Sreak Friday Night—Locals Easily Outplay Opponents.

Franklin's string of victories on the basketball floor was broken Friday night when she met defeat at the hands of Jacksonville by a score of 26 to 12.

The game was fast and at times rough, both teams being offenders in this respect. However, the Franklin boys were too light to do much roughing with their heavier opponents.

Jacksonville clearly outclassed Franklin and had the locals not been badly off in their shooting the score would have been much larger. Neither Goebel, Hunter or Putnam were up to form on baskets and time and again missed easy shots. Hunter was good at free throws, tossing seven out of ten tries.

Where Jacksonville's real superiority showed over Franklin was in floor work and passing. They were able to get the ball past the Franklin defense without much trouble but accuracy at the basket caused most of the efforts to go for naught.

Hunt and Arter played a wonderful game at guard. They stopped Franklin many times when it looked as tho a score was certain. Hunt in particular played a spectacular defensive game and also dropped in two field goals while Arter was almost equally strong and scored one sensational shot.

Seymour as usual was the star for Franklin tho he had able assistance in Wiley, Reed Bland and Smith. Seymour gave the Jacksonville guards considerable trouble but was unable to get by for many close shots. He made one long shot from past the center of the floor that was a beauty.

The score at the end of the first half was 11 to 3 in favor of Jacksonville, Franklin's three points coming by the free throw route.

The game was witnessed by a crowd that was greater than that in attendance at the Springfield game. The receipts at the door totaled \$196. The crowd revealed again the need of more seating space in the gymnasium. Jacksonville narrowly escaped losing the district tournament this year on account of the small seating capacity of the gym.

It behooves the authorities to get busy and try to remedy this defect. There is ample space on the south side to seat a thousand people if the wall is removed between the gymnasium and the rooms on that side. It is believed this can be done at little expense and not weaken the building. Some steps should be taken immediately to investigate this and if it is feasible, the work could be done and the seats placed before the district tournament.

The score:

Jacksonville:	F.G.	F.T.	Tls.
Goebel, f.	3	1	7
Deatherage, f.	0	0	0
Hunter, f.	0	0	0
Lewis, f.	1	7	9
Putnam, c.	2	0	4
Hunt, g.	2	0	4
Arter, g.	1	0	2
Totals	9	8	26

Franklin:

WITH THE SICK

Mrs. J. L. Snyder who recently underwent an operation at Our Savior's hospital, is doing as well as could be expected.

C. Warren Hoagland, of West North street, is confined to his home, ill with scarlet fever. His friends will be glad to know that he is not in a serious condition.

Mrs. Herman Cohen is confined to her home on South Main street by illness.

C. Riggs Taylor continues critically ill at his home in South Jacksonville as a result of an attack of pneumonia.

Mrs. Ella McCoy of Westminster street, is numbered among the sick and is threatened with pneumonia.

Dick Butler of Woodson vicinity, had occasion to make a trip to the city yesterday.

RHEUMATIC ACHES QUICKLY RELIEVED

MEREDOSIA WINS FROM GRIGGSVILLE

Score of 35 to 5 Was Result of Friday Night's Game at Meredosia.

Meredosia, Jan. 27.—The Meredosia high school basketball team defeated the Griggsville high team in a game here tonight the final score being 35 to 5. In the first half of the game Griggsville was held to two free throws. In the second half Meredosia put in her subs and Griggsville was then able to gain two baskets. The game was refereed by Thompson of Bluffs.

Below are the lineup and scores for the two teams:

Griggsville:	F.G.	F.T.	Tls.
Fesler, f.	0	0	0
McLaughlin, f.	0	0	0
Bennett, c.	0	0	0
Dunham, g.	0	1	1
Morton, f.	0	0	0
Miller, f.	0	0	0

ILLINOIS PLAYS EUREKA TONIGHT

Meets Old Rival in David Prince Gymnasium—Will Try to Avenge Defeat of Last Year.

At 8:15 tonight Eureka and Illinois will clash on the David Prince floor. The big game will be preceded by an inter-class contest between the Sophomores and the Juniors starting at 7:45. The Sophomore team has blossomed out in brilliant orange jerseys and is confident of winning the inter-class championship.

Eureka has a number of men on their team who are familiar to local fans. Whittier, the plunging full back of last fall's football team has been shifted from guard where he played last season to forward. Cully and Burrus, the Illinois guards, believe they can stop Whittier as effectively tonight as the Illinois line did in football last November. Dennis, the other forward, played center for Eureka last season. Crocker, the husky guard from last year's team, and Reid, the speedy colored halfback on the football team, are the guards for the Eureka team. They will likely have their hands full tonight looking after the Illinois forwards.

It is probable that Coach Harmon will start the same team that trounced Normal last Wednesday. Dale has been given an opportunity to fit into the team play during the last two days of practice and he should give an even better account of himself than he did in the Normal game. Dale and Arterous at forwards. Capt. McEllon at center, Cully and Burrus at guards, will likely start the fray for Illinois.

Cooke, a former Illinois State Normal player of Bloomington, who has officiated here in both football and basketball games will referee the contest.

CHAPIN

Mrs. F. M. Roberts returned from Detroit, Michigan, Tuesday after a month's visit there with friends.

John Eilers was a business visitor in Jacksonville Thursday morning.

J. H. Hoover was in Jacksonville Wednesday and visited Chas. H. Taylor, at Our Savior's Hospital. He reports Mr. Taylor as improving rapidly.

Mr. Wickham who was overseas when the grade school was being built was a guest at the J. Z. Fox home on Thursday.

The ice harvest is on in full force. An excellent quality of ice is being taken from the Perbix pond. E. E. Sidles has his ice house filled. James Thompson is also putting up ice.

Mr. and Mrs. Andrew Allen entertained a party of friends at their home Thursday evening. Games and music furnished a delightful evening. Dainty refreshments were served.

SERVICES AT WOODSON CHRISTIAN CHURCH

Services of special interest are being planned for tomorrow at the Woodson Christian church. It is "Every Member Day" and the pastor, Rev. I. H. Fuller, will have as his morning text, "A Whole Family in Heaven." It is hoped that all who do not attend Bible school elsewhere will be present at 9:30 o'clock.

In the evening the pastor will give the third in a series of community subjects. The answers of 15 business men to the question, "In view of the present methods of business can a man be a consistent Christian and succeed in business?" will be read and the pastor will base his sermon upon these views.

C. C. T. DANCE WAS GREAT SUCCESS.

Members of the Jacksonville Council U. C. T. and their friends enjoyed a dance in the Auto Inn Friday evening. About 400 were present and excellent music was furnished by Dunlap's seven piece orchestra. The committee in charge was J. R. Lithe chairman, G. Roy Scott, Howard Woodman, Fred Cain.

James Spradin of the Sinclair neighborhood was in the city calling on local business men Friday.

BLUFFS TAKES GAME FROM BARRY HIGH

Defeat Pike County Boys By Score of 40 to 18—Made Eleventh Straight Victory.

Bluffs, Jan. 27.—Bluffs High continued its winning streak here tonight when it defeated Barry High by a score of 40 to 18. It made the eleventh straight victory for Bluffs.

The game was fast and well played but Bluffs excelled Barry in team work and basket shooting and there was not much doubt as to who would win after the game had gone a few minutes.

Every man on the Bluffs team but two got into the scoring. The work of Rolf and Knoepfel was especially brilliant, they getting 32 points between them. Rolf made more points than the entire Barry team.

For the Barry team Elder and Hayes were the main point scorers. Bluffs plays Pittsfield here tomorrow night and expect to add another victory to their string.

Barry:	F.G.	F.T.	Tls.
Elder, f.	5	1	11
Hayes, f.	1	3	5

WHITE HALL WINS FROM ASTORIA HIGH

Close Game Is Taken By Greene County Team—Play Meredosia Tonight.

White Hall, Jan. 27.—White Hall won another game tonight in the new high school gymnasium when it defeated Astoria high by a score of 16 to 12.

The game was hard fought and it was only by the hardest kind of work that White Hall was able to win. Astoria proved one of the strongest opponents that has faced White Hall this season. The men played a hard clean game and won much approval from the White Hall fans.

The score at the end of the first half was 12 to 1 in favor of White Hall but in the second half Astoria braced and played a strong defensive game and while holding White Hall down managed to break thru the White Hall defense for several counters.

McLarg, Hansberger, Smith and Boyd starred for White Hall while Maxwell and Davis did stellar work for Astoria.

White Hall plays Meredosia here Saturday night. The Meredosia team is going strong but White Hall will endeavor to stop her winning streak. The score:

White Hall:	F.G.	F.T.	Tls.
Goode, f.	2	0	4
Boyd, f.	4	0	8
McLarg, c.	1	0	2
England, c.	0	0	0
Hansberger, g.	0	0	0
Smith, g.	1	0	2
Search, g.	0	0	0
Totals	8	0	16

Astoria:	F.G.	F.T.	Tls.
McLaren, f.	0	0	0
Kost, f.	1	0	2
Davis, f.	1	0	2
Maxwell, c.	2	4	8
Bucher, g.	0	0	0
Schisler, g.	0	0	0
Totals	4	4	12

Referee—Dr. H. W. Broberg, Kansas Aggies; Timer King, White Hall.

FREE THROW WINS FOR BRADLEY POLY

PEORIA, Ill., Jan. 27.—A free throw by Center Rogers gave Bradley Polytechnic a 19 to 18 victory over the Des Moines University basketball team of Des Moines, Iowa, tonight in one of the closest and hardest fought games of the season.

MONMOUTH COMES FROM BEHIND—WINS

MONMOUTH, Ill., Jan. 27.—Monmouth College came from behind to defeat Augustana of Rock Island at basketball tonight, 26 to 23.

Augustana led at the end of the first half, 17 to 10.

HAS MANY DANCING ACADEMIES

Moscow. —(By A. P.)—This capital boasts of more dancing academies than any other. The reason is that, as everyone must have some sort of a stamped paper showing an occupation, in case they are stopped by the police or are travelling, many thousands have either opened or joined dancing academies. Among these are many number of cabinet ministers and former generals.

Harold Swain of Sinclair neighborhood, was among the city visitors yesterday.

DETROIT TIGERS HAVE BIG ROSTER

Thirty-Three Players Have Been Lined Up for 1922 Campaign—Thirteen Are Pitchers.

DETROIT, Mich., Jan. 27.—Thirty-three players have been lined up for the 1922 campaign by the Detroit Tigers according to an announcement from club headquarters. The list includes thirteen pitchers, eleven infielders, five outfielders, and four catchers.

Fourteen of them properly, may be classed as recruits, although some of these previously have appeared in Detroit uniforms, or had their major league baptism elsewhere.

The others, with the exception of George Cuthshaw, the national league veteran, are all familiar to local fandom.

The pre-season pitching staff shows eight right handers, and five leftsiders. George Dauss, Howard Ehmke, Carl Holling, Arthur Olsen, L. E. Stoner, Sylvester Johnson, Herman Pillette, and Alfred Kroog are the star board fingers, and the left handers are Bert Cole, O. F. Johns, H. B. Leonard, Walter C. Stewart, and John C. Oldham.

Johns, who is making his bow from North Worth, is the only rookie among the southpaws, but five of the right handers are youngsters. Johnson and Pillette came from Portland; Stoner, from Oklahoma City; Olson, from Syracuse; while Kroog is a product of Boston Tech, and spent last season in semi-pro ranks.

R. H. Spencer, of Raleigh, N. C., is the lone addition to the catching staff. John Bassler, Clyde Manion and Larry Woodall, who took care of the backstopping last year again being slated to wear Tiger regalia.

The Tiger management also has gone in strongly for infielders, seven recruits and Cuthshaw being due to display their wares. S. T. Barnes from Kalamazoo and Herman Merritt, of Gray Bull, Wyo., second baseman, and shortstop respectively, were with Detroit toward the end of last year, as showed enough to warrant another chance. The other new aspirants for infield positions are Floyd Herman, a first baseman from Edmonton, Alta.; John Mann, and E. E. Rigney, shortstops, from Evansville, and Fort Worth respectively; D. C. Clark, a second baseman from Wichita Falls, and Fred Haney, of Omaha, a third baseman.

The list of veterans includes Lou Blue at first; R. S. Young, second, and R. W. Jones, third. Cuthshaw is expected to have the call at second base in the event Young again has trouble with his fielding.

Robert Fothergill, who was recalled from Rochester, is the only newcomer in the outfield, the "Big Four" of last year, headed by Manager Cobb, and including Harry Heilmann, Ira Flagstead and Bob Veach, again being listed for duty.

BOY RECOVERS AFTER FIVE YEARS TREATMENT

Freddie Birdsell, accompanied by his parents, Mr. and Mrs. T. R. Birdsell, went to Springfield yesterday where a tube thru which he has been fed for the past five years was removed. When the child was three years old he ate a quantity of lye and the interior of his throat and the passage to the stomach were badly burned.

The ulcers which formed in the passage to the stomach closed it up. By a delicate operation a tube was inserted thru the wall of the stomach, by means of which it has been possible thru the years to give the child nourishment. He has grown to some extent and recovery has been such that it has been possible to remove the tube.

The lad can now eat in a natural way and it is expected that he will gain further strength rapidly.

FOUND DEAD WOLF.

Frank Gordon in crossing a field about a mile north of Lynville recently found a dead gray wolf hanging from the top of a wire fence. The animal in attempting to jump the fence had evidently caught his hind leg in such a way that it could not free itself. The body was frozen and the wolf had evidently been dead for several days. Farmers in that locality had been losing sheep and other young stock for some time and now they think they know the reason. The wolf weighed 52 pounds.

SUFFERED WITH ECZEMA 14 YEARS

All Over Body. Itched and Burned. Cuticura Heals.

"I suffered for fourteen years with a severe case of eczema which was scattered nearly all over my body. At first it seemed like pimples and then turned to blisters and itched and burned so badly that I scratched and irritated the affected parts. I could not sleep at night.

"A friend told me about Cuticura Soap and Ointment and after using four cakes of Cuticura Soap and three boxes of Cuticura Ointment I was completely healed, in two weeks." (Signed) Mr. E. W. Robbins, R. 7, Box 72, Westby, Wis., July 12, 1920.

Give Cuticura Soap, Ointment and Talcum the care of your skin.

Sample Each Free by Mail. Address: "Cuticura Laboratories, Dept. B, Medina, N. Mass." Send every-where. Soap, 25c; Ointment, 35c and 50c; Talcum, 25c. Cuticura Soap shaves without mug.

LOST—Ladies' rubber on south side square east of South Main. Finder please leave at Journal office. 1-27-3f

IRREGULAR SESSION OF STOCK MARKET

By Associated Press.
NEW YORK, Jan. 27.—On a much smaller volume of business today's irregular stock market reflected the mixed views of professional traders and the lack of more than casual public interest. Money tendencies possible disruption of impending industrial mergers and further price revision of various commodities were among the factors which accentuated the market's uncertainty. Call loans were freely made at the initial rate of 5 percent but the demand later forced the rate to 5 1/2, that figures, however, being one half per cent under the previous day's maximum.

Pools in the steel, motor, chemical, sugar and utility groups engaged in their familiar churning process.

Gulf States Steel, Studebaker, Davison Chemical and Corn Products comprised a large part of the day's operations. Rails were firm in the early dealings on better earnings and assurance that prevailing freight rates would be maintained. An advance of two cents in the pound sterling from its recent low quotation was the outstanding feature of the foreign exchange market. The French rate showing concurrent strength. Heavy selling of Liberty bonds at extreme reactions of 25c to almost \$1 per \$100 was associated with prospective soldier bonus legislation. Total sales (par value) aggregated \$18,250,000.

CASH GRAIN REPORT

By Associated Press.
CHICAGO, Jan. 27.—The movement of corn to market was reported today as being materially above the average but as exerting but little pressure on prices owing to continued export demand.

The seaboard was said to be outbidding Chicago in the interior.

There was a fairly good demand here for wheat in the cash market today. Premiums and discounts were unchanged.

Domestic shipping sales were 7,000 bushels. The seaboard said 300,000 bushels of wheat was worked for export.

Cash corn unchanged with the trading basis firm. Shipping sales here were 90,000 bushels.

Cash oats finished unchanged with the trading basis firm. Domestic shipping sales were 136,000 bushels.

Car lot receipts: Wheat, 32; Corn, 585; Oats, 112.

Kansas City Livestock

By Associated Press.
Kansas City, Mo., Jan. 27.—(U. S. Bureau of Markets).—Cattle—Receipts 1,100; quality plain; all classes slow; sales around steady; packers bidding lower on second and hold over steers; best steers \$7.10; most cows \$2.75 to \$4.25; heifers \$5 to \$5.75; canners mostly \$2.50; cutters largely \$3.25 to \$3.50; medium to fairly good stock steers \$5.25 to \$5.50.

Hogs—Receipts 3,500; steady to strong on all better grades of 250 pounds down; others slow but steady; 150 to 250 pound weights mostly to shippers \$8.50 to \$8.65; bulk 200 to 250 pounders to packers \$8.35 to \$8.55; bulk of sales \$8 to \$8.55; packers to \$8.55; fat pigs up to \$8.75.
Sheep—Receipts 6,000; sheep mostly on thru billing; no desirable light ewes offered; lambs steady; best \$13.

DUN'S REPORT WILL SAY TODAY

NEW YORK, Jan. 27.—Dun's tomorrow will say:
Expansion of business if not wholly lacking, still develops slowly. The coldest weather of the winter at different points has augmented demand for heavy weight apparel and fuel, yet there is a disposition now to watch closely for gains which result from other than purely seasonal influences. Basic industries have held most of the advance of recent months and in some instances have made further recovery but rapid revival at manufacturing establishment remains the conspicuous aspect.

"Revision of wages or increase of working hours to effect lower production costs has evidently not been completed and the expectation of railroad freight rate reductions persists, despite the delays experienced. With readjustments still to be accomplished and various uncertainties present there is not unreasonably a cautious and hesitant attitude in many quarters and a reluctance to undertake forward operations of magnitude."
Weekly bank clearings \$5,383,656,000.

East St. Louis Livestock

By Associated Press.
East St. Louis, Ill., Jan. 27.—(U. S. Bureau of Markets).—Cattle—Receipts 1,000; steers more active; generally steady; spots strong \$8.55 paid for 1,388 pounders; light yearlings slow, about steady; cows and canners steady; bulls slow; good to choice light veal calves \$1 to \$1.25 lower; stockers and feeders unchanged.

Hogs—Receipts 14,500; slow, unevenly steady; weak undertone, top \$9.35; bulk 110 to 180 pound averages \$9 to \$9.25; bulk 190 to 220 pound weight \$8.85 to \$9.10; bulk 230 to 280 pound kinds \$8.55 to \$8.90; packer sows weak to 10c lower; \$5.35 to \$6.85; pigs strong to 25c higher; \$8 to \$9; quality good.
Sheep—Receipts 300; slow; few early lamb sales 15c lower; others and sheep steady; lamb top \$13.35 paid by shippers for choice 75 pound westerns; these only good lambs here. Bulk of mediums \$12 to \$12.50; ewes steady \$5.50 to \$6 for heavies.

DECIDED UPURNS IN WHEAT PRICES

By Associated Press.
CHICAGO, Jan. 27.—Decided upturns in the price of wheat at Buenos Aires and Liverpool did a good deal today to bring about an advance here. The close was firm, \$1 to 1 1/2c higher with May \$1.16 to \$1.18 and July \$1.02 to \$1.04. Corn gained a shade to 1c and oats 1/2c to 3c. In provisions, the outcome varied from 10c decline to a like advance.

The foreign advance in wheat prices came as a surprise to traders here and was ascribed partly to fluctuations in exchange rates. Sentiment, however, grew more friendly to the buying side, influenced by gossip that exporters at the seaboard were after nearby wheat and paying full prices. Besides, need of rain was reported from India and increased purchasing for Japan was noted in Australia. Another factor which tended to lift wheat values was continued absence of moisture in the southwest especially the central and western portions of Kansas and Oklahoma. Severe weather was said to have prevailed in that section and as many fields had but little snow protection, the outlook was apparently for considerable average abandonment. Under such circumstances no important setback in prices took place and the market closed at almost the day's top level.

Sustained export demand for corn helped give an upward tendency to prices both of wheat and corn. Offerings of corn to come here lacked volume. In the provision market the effect of higher quotations on hogs was largely counterbalanced by realizing sales.

Reed's Annual Duroc Sale

Wed., Feb. 8th, 1922
At the farm S. E. of Jacksonville. Sale begins at 12:30 p. m. 55 sows and gilts, all bred to Pathfinder's Sensation, Illinois' greatest Duroc boar.

GARMENTS REACH THEIR DESTINATION

There are doubtless many kind hearted contributors of garments to the Red Cross for the relief of southwestern Europe, that wonder if their garments ever reach their destinations and do any good. The following is taken from a letter which appeared in the Red Cross Courier to show that these garments do reach their destination and accomplish their purpose:
"To Whom it May Concern—
I am inclosing a tag taken from a child's garment, found while sorting the articles in the layettes. So often in America we hear the remark, 'I wonder if the things we are sending will really reach the poor and needy?' Therefore, I take pleasure in explaining what we are doing with things for the poor through our dispensary. Each layette package was gone through so that no excess garment be distributed. We want them to have enough for changes but not extra to sell. These are not distributed through our dispensary. We want the people to think of 'child health' first. When a complete history has been taken and the child received a thorough examination, been weighed, etc., the mother receives instructions from the doctor. Later, as soon as possible, a home call is made by the social worker or myself or likely by us both with students and interpreter. It is through this home call, besides the history record, that we are able to determine the need for assistance. Then through other organizations and the orphanage the things are given. Unless these steps were taken the call for help would be so great and swarms of people would come only for relief and no instructions would be given which we consider so valuable for the future.

"Throughout Czecho-Slovakia there are twenty-one health centers. Whenever we have occasion to show our dispensary to Americans we do so with great pride. Our native force is being instructed so that it can take over the entire work when we withdraw in the spring. Poverty is great here, the relief given by Americans through the things distributed plus dispensaries organized will never be regretted.

DEATHS

Hamilton.
The infant son of Dr. and Mrs. Tucker Hamilton died at 6:30 o'clock Friday morning at the family residence 1324 Lincoln avenue.

Charles William Hamilton was born January 18, 1921. Besides the parents surviving are two brothers John and Norman and three sisters Isabelle, Agnes and Edith.

Funeral services will be conducted at the home today at 2:30 o'clock and will be in charge of Rev. Hackley. Burial will be in Diamond Grove cemetery.

Porawski.
Mrs. Fannie Porawski died at the family home two miles northeast of the city at 2:55 o'clock on Friday afternoon.

Decedent was the daughter of William and Louisa Recaby-Miller and was born in Pike County Mo., January 5, 1834, being at the time of death 88 years and 22 days old.

She is survived by the following children, William Porawski, Mexico, Mo., Frank Porawski, of Kansas City, Mo., Mrs. Louisa Stout, Jacksonville and Mrs. G. L. White, Seattle Washington.

Mrs. Porawski was a member of the Presbyterian church. Funeral services will be held from the residence at 2 o'clock Monday afternoon in charge of the Rev. Walter E. Spoons, pastor of North-minster church.

RAILROAD MEN

VISIT IN CITY
Passenger and freight representatives of the railroads, who were shelled during the federal control are again in evidence. Yesterday George B. Palmer, traveling passenger agent for the Santa Fe, and L. T. Meyer, of Springfield, representing the Illinois Central passenger traffic department were in the city yesterday calling on the local agents of the various roads running into Jacksonville.

CUTTING TREES

IN CENTRAL PARK
Storm shakedown and those which are showing irreparable decay are being removed from the city park. The trees are being piled and worked into firewood. Only those which are showing their usefulness as shade trees are being removed and they will be supplanted by a new generation which will be planted in the spring.

FARM EMPLOYEES

TO MEET HERE.
Attention is again called to the conference of farm employees to be held at the farm bureau office this afternoon at 1:30 o'clock. The purpose is to talk over matters relating to fair basis of wages for the coming year.

LOCAL MEN INSPECT DECATUR SEWER SYSTEM

Representatives of Citizens Sewer Committee Had Opportunity of Inspecting Sewerage Disposal Plant at Decatur.

Members of the Citizens Sewer committee have returned from Decatur, where they went to attend sessions of the State Engineers' association convention. The local men were very favorably impressed with the Decatur plan of constructing a big intercepting sewer and treatment of the sewerage before it is discharged into the Sangamon river.

The local men and other visitors were taken on a special tour of inspection and had the opportunity of viewing the intercepting sewer and hearing an explanation of the plan by the engineers in charge. The main sewer is built of vitrified hollow brick, circular in shape and six feet in diameter. This sewer is three miles in length and in its construction it was necessary to tunnel for a distance of three thousand feet. The system is adequate to the needs of a city of 300,000 and the Decatur people now have the sewerage problem settled for all time.

A similar sewer system in Jacksonville would cost considerably less than in Decatur, as the task of constructing such a trunk sewer here would not be as difficult as in the Macon county city.

One of the chief speakers on sanitary problems at the Decatur meeting was Mr. Burdick of the firm of Alvord & Burdick. Mr. Burdick is to come to this city at no distant date and consult members of the committee and others with reference to the local sanitary situation.

FRANKLIN MAN AND W. A. BERRYMAN ARE PARTNERS

Elgin Olinger of Franklin, has recently entered into partnership with W. A. Berryman of this city for the sale of compression tubes for automobiles manufactured at Tulsa, Okla. The local man and Mr. Olinger have just returned from Tulsa, where they went for the purpose of inspecting the factory and closing the contract for the sale of the tubes in the local territory. They are planning to have an attractive display of the tubes at the Chicago automobile show next week.

SUPPER AT FRANKLIN

The West Side club met Thursday evening at the home of Mr. and Mrs. Bert Lukeman, near Franklin. There was a large attendance of the club members and all greatly enjoyed the evening. Refreshments were served before the guests departed for their homes.

CLUBS AND SOCIETY

Hostess to Young People.

Miss Belle Palmer entertained a number of high school young people last evening at her home on Caldwell street. Miss Palmer had invited some of her friends to her house after the basketball game and the evening was spent with music and dancing. Attractive refreshments were served at a late hour.

W. A. Club Met

The W. A. Club of Jacksonville High school met Friday evening at the home of Miss Dorothy Graef on West College avenue. A most enjoyable evening was had in business and social activities. Delectable refreshments were served. The next meeting of the club will be held February 10 at the home of Miss Elizabeth Crowe.

Party in Honor of Mrs. Zimmer.

A delightful party was held Thursday night at the home of Mr. and Mrs. Orville Zimmer west of the city, in honor of Mrs. Zimmer's birthday. The evening was spent in social conversation and in enjoying Victrola music. In the course of the evening delicious refreshments were served and at a late hour the guests departed wishing Mrs. Zimmer many more such happy birthdays.

Entertained at Dinner.

Mrs. Catherine Caldwell and sister, Miss Anna Phiel, entertained a number of friends at dinner Friday at their beautiful suburban home on West Walnut street. Those present were Mrs. William Palmer, Mrs. Eugenia Ames, Mrs. E. C. Pyatt, Miss Hulet and Miss Frances Hulet.

Miss Wackerle Hostess to South Side Circle.

Miss Winnie Wackerle was hostess Friday afternoon to the South Side Circle. The Circle met in the parlors of the Illinois Woman's College. The usual delightful social hour was enjoyed and dainty refreshments were served. The following program was rendered:

Imp Solo, "Caprice," Kreisler—Miss Helen Byland.
Vocal Solos, "Belle of Youth," Oley Speaks; "The Owl," John Barnes Wells; "Kitty," Wells—by Miss Mary Lois Carter.
Reading, "The Finger of God," Oscar Wilde—Miss Harriet Keys.
Violin Solo—Miss Christina Cotner.

Opportunity Circle Gives Supper to Bible Class.

The Opportunity Circle entertained the Men's Bible Class at Grace M. E. church Friday evening at a 6 o'clock supper in the church parlors. The affair was a most enjoyable one. The committee on arranging the evening's social was composed of the following ladies: Mrs. W. B. Rogers, chairman; Mrs. George Baxter, Mrs. H. P. Mohn, Miss Fox, Miss Ida Maddox, and Mrs. Black.

Miss Petefish Is Given Birthday Surprise.

Miss Edith Petefish was given a very pleasant surprise Thursday evening at her home, 835 North Main street, the event being in honor of her birthday. Two of the young lady's friends had been invited as supper guests and afterward various friends came to the Petefish home. Finally it dawned upon Miss Petefish that the occasion was a surprise in her honor.

The dining room and parlor were decorated in pink and white while in the living room yellow and white were the predominant colors. A pink rose was at each guest's plate. An oyster supper was served during the evening, the menu including an abundance of good things to eat. Much interest attached to the cutting of the birthday cake, Pearl Davis receiving the darning needle, Beulah Petefish the thimble, and Hazel James the darning. Music was furnished during the evening by Miss Elizabeth Martin on the ukulele and by Miss Davis, pianist. There was also a violin solo by Miss Edith Beulah Petefish. The out-of-town guests were Misses Hazel, Gladys and Harold James. Miss Petefish was the recipient of a large number of very nice gifts, and when the guests departed it was with the hope that she may have many more happy returns of the day.

STEAM TURBINE ORDERED FOR CITY POWER PLANT.

Consumption of water from the Jacksonville plant has increased steadily in the past year. Additional power has become necessary and several weeks ago the city council authorized the purchase of a steam turbine and pump, which is to be installed at no distant date. The new pump will be used in an auxiliary way and can be operated by surplus steam. The other pumps in use are driven by electricity.

The pumps already in use have a sufficient daily capacity on a 24 hour basis but the heaviest consumption comes during a comparatively short period of hours and water is used more rapidly than it can be pumped. The council decided that it would not be safe to operate the plant without the equipment which has just been purchased.

ROUND TABLE TO MEET.

The Domestic Science Round table of the Jacksonville Woman's club will meet at 2:30 o'clock this afternoon at the residence of Mrs. Ollie Parker, 920 West State street. Mrs. Byron S. Gailley will give a talk on her general impressions of Japan. A musical program is also promised. Members are requested to present their membership cards at the door.

LARGE ATTENDANCE AT WINCHESTER REVIVAL

Dr. E. E. Violette Addressed Large Audience Friday Night in Big Union Service—Other Winchester Items.

Winchester, Jan. 27.—Dr. E. E. Violette delivered a very impressive sermon Friday evening before a very large audience at the M. E. church. The subject was "Devotion to a Great Task," and the speaker used a number of appropriate illustrations to impress upon his auditors the points he wished to make. He spoke of the work of Thomas A. Edison, and the great amount of good this inventor has done for the world. He closed his sermon with the beautiful poem, "Moth," as Mrs. J. W. Eckman played softly on the organ. The effect was very impressive.

A special musical feature of the service was a solo by Mrs. Thomas Smithson.

An unusual feature of the great revival now in progress is the large number of men who regularly attend the services.

Robert Frost is home from Washington University at St. Louis for a vacation visit.

Mrs. Fred Nieman is visiting her daughter, Miss Irene, at Chapin this week.

Mrs. Douglas Campbell has been quite ill at her home on South Mechanic street.

Rev. Frank M. Crabtree of Chapin was a visitor here Thursday and attended the union revival meeting.

Mrs. John Sherry of Chapin visited Thursday with her daughter, Mrs. Carl Woodall. The latter has been quite ill but was somewhat improved Friday.

Mr. and Mrs. W. H. Kinison left Friday for a short visit with friends in Bluffs and Naples.

J. E. Phillips of Greenfield has purchased the shoe shop of J. A. Hottes. The latter will be in the employ of the new owner for the present.

The coal shaft which was opened some time ago here is gradually increasing its output and more men have recently been employed.

Quite a number of people from Jacksonville, Lynnville and other nearby towns were in the audience at the revival service at the M. E. church Friday evening.

Mrs. Merton Abbott of Naples is visiting her parents, Mr. and Mrs. M. A. Henderson.

WORRALL FUNERAL IS HELD AT MANCHESTER

Remains of Mrs. Jabus Worrall Laid to Rest Friday Morning—Other News From Manchester.

Manchester, Jan. 27.—Funeral services for the late Mrs. Jabus Worrall were held at 10 o'clock Friday morning from the Christian church here. The church was filled with relatives and friends of the deceased, who was well known in the community and held in high regard by all. The services were in charge of Rev. W. C. Goer of Camp Point and were of a very impressive character.

Music was furnished by Mrs. C. D. Chapman, Mrs. Robert Walton, Mrs. Carrie Lawson and E. L. Maine with Mrs. Ethel Rousey at the piano. The many flowers were in charge of Mrs. T. M. Whitlock, Mrs. John Blakeman and Mrs. William Lawson. Interment was made in the Ceres cemetery near Roodhouse.

A number of the young people of the Baptist church met Thursday evening at the home of Miss Golden Rochester to hear a talk on the World Wide Gospel by Miss Carrie Sprues of Jacksonville.

Mr. and Mrs. Guy Brown of Jacksonville visited relatives here Thursday.

Mrs. J. H. Langdon returned Thursday from a visit with her daughter, Mrs. Fred Collins and family in White Hall.

Carl, six year old son of Mr. and Mrs. Charles Robinson, residing four miles north of Manchester, is ill of diphtheria. The child has been ill for a week past but it was not until yesterday that the case was diagnosed as diphtheria. Dr. Garm Norbury of Jacksonville was here Friday to see the child.

Mrs. Catherine Brown fell on the ice Wednesday and tore loose the ligaments in her right hip. The injury is a very painful one and Mrs. Brown will be confined to the house for some time to come. Her granddaughter, Miss Ilma Brown of Murrayville, is here to care for her.

Mrs. Emma Fenstermaker of Jacksonville arrived Thursday for an indefinite stay at the home of Henry Henton.

The meetings now in progress at the Christian church are well attended and the interest has grown in a very gratifying way. Rev. W. C. Greer in charge of the meetings is delivering some very forceful sermons.

BIRTHS

Mrs. Martha Albett received yesterday evening a message announcing the birth of a son to Dr. and Mrs. George E. Shambaugh of Chicago.

ARRESTED ON CHARGE OF VIOLATING DRUG LAW

In the federal court at Springfield Dr. J. E. Wharton of this city made a plea of guilty to the charge of violating the Harrison narcotic act. The evidence tended to show improper conduct in securing the drugs for his own use and for dispensing to persons addicted to drugs.

Judge Fitzhenry entered an order requiring Dr. Wharton to take a cure for the drug habit.

ROTARY CLUB HEARD THREE BRIEF ADDRESSES

Report Made on Sewer Inspection Trip to Decatur—Dr. Norbury Discussed Problem of Sanitation—Club Plans for Big Delegation to State Meet.

Rotarians at the weekly luncheon held at the Pacific Hotel yesterday listened to several speakers including Dr. Frank P. Norbury, Dr. Joseph R. Harker and Albert C. Metcalf. President Riley introduced the guests of the day, H. A. Babcock, of Chicago, William Depe of Eads-town, Robert Allan, Riggs-ton, Harold Welch, secretary of the Chamber of Commerce, D. C. Diltz was present as the latest member of the Rotary Club and spoke briefly.

Earl Spink, speaking for a committee which includes Lloyd Hamilton, and A. C. Metcalf, made a statement with reference to the state meeting of Rotary Clubs which is to be held at Decatur on March 22. It is hoped to have a very large representation of the local club in attendance at this event.

Chairman Riley called particular attention to the international gathering of Rotary Clubs to be held in Los Angeles in June. Very reasonable rates have been secured and it is expected that a number of Jacksonville Rotarians will make the trip to the coast city. Dr. Harker in his brief address told of his recent trip to attend the Methodist Educational conference in Chicago, Evanston and New York.

Decatur's Big Plans.
During the week A. C. Metcalf as secretary of the Citizen's sewer committee made a visit to Decatur to attend sessions of the Illinois Engineers' association and to discuss the organization of the sanitary district there, which includes the building of a 6 foot sewer from vitrified brick. The estimated cost of \$800,000 for a three mile stretch. The speaker said that Decatur people are making plans in their water and sewerage systems to prepare for the time when in their belief Decatur will be a city with a population of several hundred thousand.

Dr. Frank P. Norbury then spoke from his experiences as a member of the sanitary district board. For a great many years Dr. Norbury has given thought and attention to sanitation problems and he is very familiar with Illinois river and the sewerage problems which are related thereto.

Fish Industry Threatened.
Dr. Norbury said that as a result of the continued dumping of sewage into the Illinois river that the stream is becoming so polluted that it threatens the fish industry. He expressed the belief that in a few years' time unless certain reforms take place that practically no fishing will be done in the Illinois river. The speaker discussing this point, referred to a prediction made thirty-seven years ago by an engineer who expressed the belief that the river would be wholly polluted within twenty years' time.

WOODSON WOMEN IN ALL DAY MEETING.

The Unity Workers of Woodson Presbyterian church held an all-day session Thursday at the home of Rev. and Mrs. A. E. Powell. At noon a bountiful chicken, pie dinner was served to about thirty-five members and friends.

In the afternoon a business session was held, when various matters were considered, one of which was the sending of flowers to the sick. A committee for February and March was named, consisting of Mrs. Hugh Vorhees, chairman; Mrs. John Hoagland, Mrs. Leach, Mrs. J. S. Butler and Mrs. Thomas Butler.

The following program was then carried out:
Reading, "The Value of Time," Mrs. J. C. Colton.

Reading, "The Light That Never Fails"—Mrs. William Russell.

Song, "All the Way My Savior Leads Me"—The Company.
Closing Prayer—Rev. Mr. Powell.

There was a rising vote of thanks to Rev. and Mrs. Powell for the hospitality extended. The February meeting will be held at the home of Mrs. William Colton.

C. L. Hess of Concord, paid the city a visit yesterday to attend to some business matters.

Fred Allen of Winchester, was visiting friends in the city yesterday.

FORMER RESIDENT DIES AT LINCOLN

Miss Kate Owsley Passes Away—Interment Was in Oak Ridge Cemetery at Springfield.

News has reached Jacksonville of the death of Miss Kate Owsley which occurred Thursday at Lincoln, Ill. Miss Owsley was a member of an early and prominent family of Jacksonville and was the daughter of Henry Hawkins Owsley, who in 1851, built the residence at 856 West State St., now occupied by Engley Moore. The property was sold to Mr. Joshua Moore in 1857.

Removing from Jacksonville the Owsley family resided in Springfield for a period and later Miss Owsley removed to Lincoln, where she had made her home with Mrs. Ella W. Brainerd, a sister, until the time of her death.

Miss Owsley reached the age of 91 years. The funeral services

were to be held in Lincoln Friday and burial was made in Oak Ridge cemetery, Springfield.

Nut and Brown Bread DOUGLAS GROCERY & DELICATESSEN

SUPT. PERRIN TALKS AT H. S. ASSEMBLY

The assembly at the High school was addressed yesterday by Supt. Perrin, who made an instructive and interesting talk on the life and works of Sidney Lanier, well known poet of the south. Mr. Perrin told of the poet's army career in the Confederate forces during the civil war, and gave several quotations from his works that were well chosen as illustrative material. Lanier's works are noted for their musical quality and for their departure from the style of his time. Mr. Perrin's talk was something new for the assembly, and both the student body and the faculty were very appreciative.

Following the address a pep meeting was held with a mock game put on by some of the boys of the school. The usual vociferous cheering concluded the pep meeting.
